RE: Water Quality Certification (WQC) Order #1181 – 1st Amendment

Dear Ms. King:

On August 5, 2004 you requested the Department of Ecology (Ecology) modify a condition of the above-referenced WQC issued on July 20, 2004. The current WQC prohibits work below the ordinary high water mark after October 31.

On September 2, 2004, Department of Fish and Wildlife extended the work window within the Hydraulic Project Approval (HPA) No. ST-E385-02 from October 31 to November 12, 2004 for this project.

By this amendment, Ecology has extended the work window to be consistent with your HPA. All other conditions of the certification remain in effect.

Please contact me at (360) 407-6926 or at jsoh461@ecy.wa.gov if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Perry J Lund", written over a horizontal line.
